## Notes:

\*All ratings are rounded to the nearest whole number and are for guidance only. Please refer to the technical data sheet for accurate power.

\*Electrical output is based on assumed alternator efficiency and is for guidance only.

\*kVA figures are calculated using a typical power factor of 0.8.

\*Changeable engines must be requested at point of order, please consult with your local Lister Petter representative.

\*Lister Petter Conditions of Sale apply.

\*All ratings data based on operation under ISO 8528-1, ISO 3046 conditions using typical fan sizes and drive ratios. Performance tolerance quoted by Lister Petter is +/-5%.

\*The FOB price stated is in line with the charges for FCL for one whole container, it will have to go through LCL if it does not require one container. The FOB charges will be RMB980 per shipment plus RMB200 per cubic feet (with no discount) and it will cost at least one cubic feet even though it is less than that.
